# Mechanical Drawing

PA 24H

GPO Display's PA-series panoramic/bar displays offer a unique approach to digital signage. Featuring a distinctive, "stretched" aspect ratio, these displays fit in spaces which traditional 16:9 displays will not. Menu boards, ad space and lobby signage all benefit from the eye-catching design. PA models have one USB input for Plug-and-Play multimedia. Ask GPO Display for custom/alternative options including logos and custom color housing.
